Information on users within EEA

The General Data Protection Regulation will apply when processing personal information of users within the European Economic Area (hereinafter 'EEA') since May 25, 2018. Here, I provide information on the user's right within the EEA under this rule and information on our responsibility.

1. User rights within EEA

Users of this app within the EEA have the following rights regarding the handling of the user's personal information by me:

(1) Right to access by the data subject

- The users have the right to inquire of their own personal information owned by me.

(2) Right to rectification

- The users have the right to request correction of their own personal information owned by me, if they judge that it is incorrect.

(3) Right to erasure

- The users have the right to request deletion of their own personal information owned by me at any time.

(4) Right to restriction of processing

- The users have the right to limit the use of their own personal information owned by me.

(5) Right to data portability

- The users have the right to receive their own personal information owned by me and transfer it to other administrators.
- In addition to the above, the users have the right to transfer it directly to other administrators.

(6) Right to object

- The users have the right to appeal to me about the processing of their own personal information owned by me.
- In addition to the above, the users have the right to appeal to the Data Protection Authorities regarding the processing of it. If they appeal, please do so to the agency in their country of residence.

2. Basis for processing personal information

The legal basis for processing personal information is as follows:

(1) Responding to inquiries by users

- I can use personal information to respond to inquiries of this app from users.

(2) Cooperating with laws and ordinances

- I can process personal information including data disclosure for cooperation with laws and ordinances.
